

Are You a Business Associate And Don't Know It?

Do you do data analysis of PHI?

If you do, then you are probably a Business Associate.

Are You A Business Associate?

STEP 1

Do you perform a function or activity (i.e. data analysis), or provide a service for a covered entity?

STEP 2

Do you have access to PHI in performing the function or activity or providing a covered entity?

STEP 3

Is your contact with PHI more than just incidental contact?

If you answered yes to all 3: You are a Business Associate
